

*Our **exclusive hotel insurance program** is like vanilla pudding...*

*One taste and you'll be back for **more!***

Program Highlights:

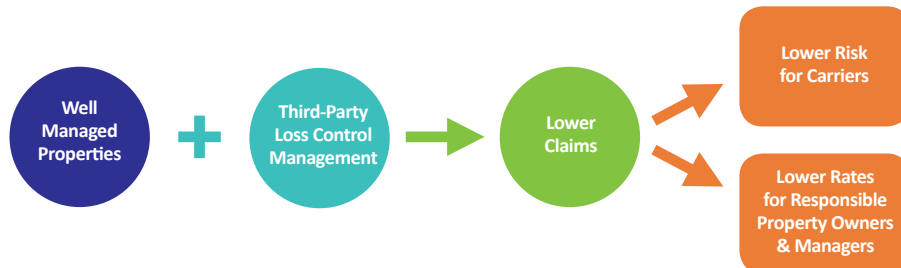

Our rates are a significant amount below market, because:

- Our program is comprised of responsible property owners and managers.
- All properties in our program enjoy the benefits of our loss control management services.
- All properties in our program have average or above average general property upkeep.

You can remain with your current insurance agent, because:

- We administer the program as wholesalers, and work with all retail agents.
- We've streamlined the transition process, so it's easy for your current agent to upgrade you to Amalgamated (and still continue to get their full retail commission).
- Additionally, you can obtain a quote in 2-minutes using our online INSTANT QUOTE wizard, all you need is some basic property info.

How It Works

 **800-613-2600**
